MARITIME ADMINISTRATOR**

Marine Notice

No. 7-049-1

12/09

**TO: ALL SHIPOWNERS, OPERATORS, MASTERS AND OFFICERS OF
MERCHANT SHIPS, AND RECOGNIZED ORGANIZATIONS**

**SUBJECT: Hazardous Work and Consideration of Health and Safety Issues for Seafarers
Under the Age of 18.**

References:

- (a) Standard A1.1(4), Maritime Labour Convention, 2006
- (b) Standard A4.3.2(b), Maritime Labour Convention, 2006

- (e) MG-2-11-3, Guidelines on the Basic Elements of a Shipboard Occupational Health and Safety Program.

PURPOSE:

The Maritime Labour Convention, 2006 (MLC, 2006) requires specific consideration in a ship's occupational safety and health policy program of the safety and health of seafarers under the age of 18. This Notice identifies and establishes restrictions on types of work considered hazardous because they present special risk of accident, may have a detrimental effect on a young seafarer's health or physical development, or require a special degree of maturity, experience or skill.

APPLICABILITY:

These specific considerations shall apply to all seafarers under the age of 18 employed by shipowners and operators aboard Marshall Islands flag vessels.

REQUIREMENTS:

- 1.0** No shipowner/operator shall engage a seafarer under the age of 18 in employment or work considered hazardous by that shipowner/operator in accordance with this Notice and international standards.
- 2.0** A shipowner/operator shall address in their Shipboard Occupational Health and Safety Program (SOHSP) the safety and health of young seafarers and, specifically, restrictions on work considered hazardous for those under the age of 18.

- 3.0** Seafarers under the age of 18 shall not be permitted to engage in activities that are considered potentially hazardous.
- 4.0** Potentially hazardous activities, which are to be determined by the shipowner/operator in the development of their SOHSP, shall include but not be limited to:
- .1 The lifting, moving or carrying of heavy loads or objects;
 - .2 Entry into boilers, tanks and cofferdams;
 - .3 Exposure to harmful noise and vibration levels;
 - .4 Operating hoisting and other power machinery and tools, or acting as signalers to operators of such equipment;
 - .5 Handling mooring or tow lines or anchoring equipment;
 - .6 Rigging;
 - .7 Work aloft or on deck in heavy weather;
 - .8 Nightwatch duties;
 - .9 Servicing of electrical equipment;
 - .10 Exposure to potentially harmful materials, or harmful physical agents such as dangerous or toxic substances and ionizing radiations; when making a determination of which activities are hazardous, a shipowner/operator also should consider hazardous materials codes on a vessel-specific basis, as applicable;
 - .11 The cleaning of catering machinery; and
 - .12 The handling or taking charge of ship's boats.
- 5.0** Prior to employment, a seafarer under the age of 18 shall be:
- .1 Assessed for competency to perform a task or job while being given an explanation and/or walk through of all procedures, including safe working practices, and required to take pre-job training, if competence cannot be demonstrated.
 - .2 Provided with age-appropriate information concerning the prevention of accidents and the protection of their health on board ships. Such information should include the detrimental effects of alcohol and drug abuse and the abuse of other potentially harmful substances, and the risks and concerns related to HIV/AIDS and other health-risk-related activities.
- 6.0** Recommended measures for imparting safety and health information on young seafarers include adequate instruction in courses, the distribution of written materials and professional instruction and supervision.
